Gaining knowledge through first-hand investigation and networking is one of the best approaches to a growing operation. Over five countries, we have plans to visit window, door and millwork production facilities as well as machinery and tooling supply companies before concluding our days at the biggest woodworking tradeshow in the world. Of course, we will also experience European food and culture while connecting with new friends.

Here is a preliminary schedule:

1. Mar 9: Arrival Verona, Italy
2. Mar 10: Two shops in Italy
3. Mar 11: One shop in Austria + One shop in Switzerland
4. Mar 12-13: Enjoy Lake Constance, Switzerland
5. Mar 14: Two shops in Germany
6. Mar 15: One shop + One machine plant tour in Czech Republic
7. Mar 16: First Day of Fensterbau/Frontale / Optional 2 Plant Tours
